#### Rule 56(a) & (b) = 37 C.F.R. 1.56(a) & (b) PATENT AND TRADEMARK CASES - RULES OF PRACTICE DUTY OF DISCLOSURE

(a) ... Each individual associated with the filing and prosecution of a patent application has a duty of candor and good faith in dealing with the [Patent and Trademark] Office, which includes a duty to disclose to the Office all information known to that individual to be material to patentability...(b) information is material to patentability when it is not cumulative and (1) it also establishes by itself, or in combination with other information, a prima faci case of unpatentability of a claim or (2) refutes, or la inconsistent with, a position the applicant takes in: (i) Opposing an argument of unpatentability relied on by the Office, or (ii) Asserting an argument of patentability

### PATENT LAWS 35 U.S.C.

§102.	Conditions	for patentability;	novelty and loss	of right to patent
-------	------------	--------------------	------------------	--------------------

8102.	Conditions for patentability; noverty and loss of right to patent	
(a) tr	on shall be entitled to a patent unless— he invention was known or used by others in this country, or patented or described in a printed publication in the or a foreign country, before the invention thereof by the applicant for patent or	nis
(b) the second	ne invention was patented or described in a printed publication in this or a foreign country or in public use or ale in this country, more than one year prior to the date of the application for patent in the United States, or	ON:
(c) 🖺	e has abandoned the invention, or	ı
<u></u> nin	ne invention was first patented or caused to be patented, or was the subject of an inventor's certificate, by ti pplicant or his legal representatives or assigns in a foreign country prior to the date of the application for pate In this country on an application for patent or inventor's certificate filed more than twelve months* before the filing the application in the United States, or	

- (e) The invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent, or
- he did not himself invent the subject matter sought to be patented, or
- (g) teriore the applicant's invention thereof the invention was made in this country by another who had not abandoned, suppressed, or concealed it. In determining priority of invention there shall be considered not only the respective dates of conception and reduction to practice of the invention, but also the reasonable diligence of one who was first to conceive and last to reduce to practice, from a time prior to conception by the other.

### §103. C ndition for patentability; non-obvious subject matter

- (a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negatived by the manner in which the invention was made. . . .
- (c) Subject matter developed by another person, which qualified as prior art only under subsection (f) or (g) of section 102 of this title, shall not preclude patentability under this section where the subject matter and the claimed invention were, at the time the invention was made, owned by the same person or subject to an obligation of assignment to the same person.
